

VISTEON SYSTEMS, LLC NORTH PENN PLANT  
LANSDALE, PENNSYLVANIA

**Visteon Systems, LLC North Penn Plant of Landsale, Pennsylvania**, assembles electronic modules primarily for automotive applications. The plant is certified to ISO 14001. It has won the Pennsylvania Governor's Waste Minimization Award for pollution prevention activities. The North Penn Plant also participates in the Pennsylvania Department of Transportation's Adopt-a-Highway program and co-sponsored a tire and battery collection with Montgomery County in 1998.

ENVIRONMENTAL PERFORMANCE

*Past Accomplishments*

The North Penn Plant demonstrated its commitment to environmental performance in the areas of product packaging and wildlife enhancement. Since 1997 years, the facility has:

- **Reduced product packaging waste** by 123,000 pounds per year through implementation of a returnable packaging program.
- **Introduced a new wildlife habitat** by replacing 1,900 square feet of yard with a butterfly garden.

*Future Commitments*

The North Penn Plant also committed to continued environmental improvement through further reductions in solid waste, product packaging, and hazardous materials use. By 2003, the facility will:

- **Reduce solid waste** from raw materials packaging by 463,000 pounds through encouraging suppliers to use more returnable packaging.
- **Reduce product packaging waste** by expanding use of returnable packaging by 47%.
- **Reduce hazardous materials use** by 0.1273 gram of lead per electronic engine control unit produced through eliminating lead from the product coating.
- **Reduce hazardous materials use** by 0.027 grams of lead per mass air flow unit produced through switching to lead-free solders.

COMMUNITY OUTREACH

The North Penn Plant has a policy to route all community concerns received by telephone or letter to the appropriate department for appropriate action. In the past 2 years, no environmental concerns have been

**AT A GLANCE**
